**FINDINGS OF THE HEARING OFFICER
AND ORDER
COUNTY OF LOS ANGELES
PROJECT NO. R2014-00129-(1)
CONDITIONAL USE PERMIT NO. 201400004**

1. The Los Angeles County ("County") Hearing Officer conducted a duly-noticed public hearing in the matter of Conditional Use Permit No. 201400004 ("CUP") on August 2, 2016.
2. The permittee, Irma Fajardo ("permittee"), requests the CUP to authorize the continued operation of an existing bar with the sale of beer and wine for on-site consumption and accessory live entertainment, limited to karaoke ("Project") on a property located at 16005 Amar Road in the unincorporated community of Valinda ("Project Site") in the C-2-BE zone pursuant to Los Angeles County Code ("County Code") section 22.28.160.
3. The Project Site is 0.8 gross acres in size and consists of one legal lot. The Project Site is fairly square shaped with flat topography and is developed with several single story structures used for various commercial purposes with a shared parking lot.
4. The Project Site is located in the Puente Zoned District and is currently zoned C-2-BE (Neighborhood Business Zone – Billboard Exclusion); P-R (Parking Restricted).
5. The Project Site is located within the General Commercial (CG) land use category of the Los Angeles County General Plan Land Use Policy Map.
6. Surrounding Zoning within a 500-foot radius includes:
 - North: R-1-6000 (Single-Family Residence with a Minimum Lot Size of 6,000 square feet)
 - South: City of Industry
 - East: C-2-BE, P-R, R-1-6000
 - West: C-2-BE, P-R, R-1-6000
7. Surrounding land uses within a 500-foot radius include:
 - North: Single-family residences, duplexes
 - South: Various commercial and industrial uses
 - East: Various commercial uses, single-family residences
 - West: Various commercial uses, single-family residences
8. Ordinance 1494 was adopted in May 21, 1927, which established the different zoning designations for the unincorporated areas of Los Angeles County.

Ordinance 3811 was adopted on March 25, 1941, which established the A-1 zone on the subject property.

Ordinance 5122 was adopted on May 25, 1948, which established the R-1-10000 zone on the subject property.

Ordinance 7460 was adopted on January 13, 1959, which established the C-2 and P-R zones on the subject property.

Building permit records from 1971 indicate that a bar and restaurant had already been in operation at the site at that time. A review of records of the California Department of Alcoholic Beverage Control indicate that the sale of beer and wine for on-site consumption has been licensed at the site since 1983.

Ordinance 840115z was adopted on July 24, 1984, which established the C-2-BE zone on the subject property

On May 17, 2006, the Los Angeles County Regional Planning Commission (RPC) approved R2005-01724-(1), CUP 200500090, which authorized the continued operation of an existing bar with the sale of beer and wine for on-site consumption and accessory live entertainment, limited to karaoke, at the site, with business hours limited from 4:00 pm to 12:00 am daily. The approval was appealed to the Los Angeles County Board of Supervisors by the applicant.

On January 16, 2007, the Los Angeles County Board of Supervisors approved R2005-01724-(1), CUP 200500090, which kept the business hours as approved by the RPC. This permit expired on October 24, 2011, and is being renewed by the permit application.

9. The site plan for the Project depicts the whole parcel with several single story structures used for various commercial purposes with a shared parking lot. The subject bar is located on the westernmost portion of the property, in its own stand-alone structure, separate from the other uses at the site. The floor plan indicates the interior layout of the bar, showing the main entrance/exit on the south, and two secondary exits on the north.
10. The Project Site is accessible via Amar Road to the south. Primary access to the Project Site will be via several driveway approaches from Amar Road.
11. The subject site provides a total of 39 parking spaces.
12. In a letter dated June 21, 2016, the County Sheriff Department Industry Station indicated that this establishment has not been a problem and that they recommend approval of this permit.
13. A letter from the California Department of Alcoholic Beverage Control (ABC) dated June 14, 2016 indicates that while three licenses for alcohol sales for on-site consumption are allowed in the census tract, the subject establishment is the only such license on record. This indicates that there is no over-concentration of alcohol sales for on-site consumption in this census tract as determined by ABC.

14. Prior to the Hearing Officer's public hearing on the Project, Regional Planning staff determined that the Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involves the continued operation of an existing bar with the sale of beer and wine for on-site consumption and accessory live entertainment, limited to karaoke, and no changes are being proposed by the project.
15. Pursuant to the provisions of sections 22.60.174 and 22.60.175 of the Zoning Code, the community was appropriately notified of the Project's public hearings by mail, newspaper, and property posting.
16. No comments were formally received from the public at this time.
17. The Hearing Officer held a duly-noticed public hearing on the Conditional Use Permit on August 2, 2016. The Hearing Officer heard a presentation from Regional Planning staff. The representative of the permittee was present at the hearing and requested that they be allowed to sell alcohol up to 1 am. The Hearing Officer, with the concurrence of staff, approved the request. The Hearing Officer then closed the public hearing, determined the project to be categorically exempt from the California Environmental Quality Act requirements, and approved the Conditional Use Permit subject to the attached findings and conditions, as modified.
18. The Hearing Officer finds that the Project is consistent with the General Commercial (CG) land use designation of the Los Angeles County General Plan.

This designation is intended for local-serving commercial uses, including retail, restaurants, and personal and professional services; single-family and multi-family residences; and residential and commercial mixed uses. With conditions in place, the proposed continued operation of an existing bar with the sale of beer and wine for on-site consumption and accessory live entertainment, limited to karaoke, is consistent with this designation, as well as a number of Goals and Policies of the Plan.

19. The Hearing Officer finds that finds that the Project is consistent with the requirements and development standards of the C-1 zone.

Pursuant to Section 22.28.160 of the County Code, beer and cocktail lounges, as well as the sale of alcoholic beverages in the C-1 zone, whether for on-site or off-site consumption, requires a conditional use permit. The approval of this permit with the attached findings and conditions satisfies this requirement.

Furthermore, pursuant to Sections 22.28.170 of the County Code, the subject site is subject to the C-2 development standards. There are currently no landscaping on site as required by this section. Also, only 39 parking spaces are provided as compared to the 68 spaces that would cumulatively be required for all the various uses at the site. However, since the structures at the site were developed in the 1960's, prior to the establishment of the development standards, they are considered legally non-

conforming with respect to these development standards. Also, no outside display or outdoor storage is being proposed by the project.

20. The Hearing Officer finds that the Conditional Use Permit Burden of Proof requirements have been met pursuant to section 22.56.040 of the County Code.

The project site has a total area of 0.8 ac and is served by Amar Road, a major roadway that is adequate to serve the needs of the establishment at the site. Immediately to the north is a residential neighborhood. The orientation of the establishment away from these areas and the presence of a block wall between the two ensures that the project will not adversely affect the surrounding areas.

21. The Hearing Officer finds that Burden of Proof requirements for the sale of alcoholic beverages have been met pursuant to section 22.56.195 of the County Code.

There is only one sensitive use within a 600 foot radius of the site, which is a small learning establishment called Opportunities for Learning. However, since this is located across the street on Amar, this use is sufficiently buffered from the existing bar. Aside from the proposed project, no other establishment within a 500-foot radius sells alcohol for on-site consumption while two other sites sell alcohol for off-site consumption. Finally, since the structures at the site are all existing and no changes are being proposed by the Project, its exterior appearance is consistent with its surrounding structures and areas.

22. The Hearing Officer finds that to ensure continued compatibility between the Project and the surrounding land uses, it is necessary to limit the Conditional Use Permit to 15 years.

23. The Hearing Officer finds that pursuant to sections 22.60.174 and 22.60.175 of the County Code, the community was properly notified of the public hearing by mail, newspaper, and property posting. Additionally, the Project was noticed and case materials were available on Regional Planning's website and at the La Puente Library. On June 28, 2016, a total of 75 Notices of Public Hearing were mailed to all property owners as identified on the County Assessor's record within a 500-foot radius from the Project Site, as well as 13 notices to those on the courtesy mailing list for the Puente Zoned District and to any additional interested parties.

24. The location of the documents and other materials constituting the record of proceedings upon which the Hearing Officer's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits East Section, Department of Regional Planning.

BASED ON THE FOREGOING, THE HEARING OFFICER CONCLUDES THAT:

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.

- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in this Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.
- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.
- E. The proposed use at the site will not adversely affect the use of a place used exclusively for religious worship, school, park, playground or any similar use within a 600-foot radius.
- F. The proposed use at the site is sufficiently buffered in relation to any residential area within the immediate vicinity so as not to adversely affect said area.
- G. The public convenience for the convenience store selling alcoholic beverages for on-site consumption outweighs the fact that it is located within a 500-foot radius of other facilities selling alcoholic beverages for either on-site or off-site consumption.
- H. The proposed use at the site will not adversely affect the economic welfare of the surrounding community.
- I. The exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within said neighborhood.

THEREFORE, THE HEARING OFFICER:

1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to section 15301 of the State CEQA Guidelines (Class 1, Existing Facilities categorical exemption); and
2. Approves Conditional Use Permit No. 201400004, subject to the attached conditions.

3. Unless otherwise apparent from the context, the term "date of final approval" shall mean the date the County's action becomes effective pursuant to Section 22.60.260 of the County Code.
4. The permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code Section 65009 or any other applicable limitations period. The County shall promptly notify the permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.

6. If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
7. Prior to the use of this grant, the permittee, or the owner of the subject property if other than the permittee, shall **record the terms and conditions** of the grant in the office of the County Registrar-Recorder/County Clerk ("Recorder"). Such application shall be filed at least six (6) months prior to the expiration date of this grant and shall be accompanied by the required fee. In the event that the permittee seeks to discontinue or otherwise change the use, notice is hereby given that the use of such property may require additional or different permits and would be subject to the then-applicable regulations.
9. This grant shall expire unless used within two (2) years from the date of final approval of the grant. A single one-year time extension may be requested in writing and with the payment of the applicable fee prior to such expiration date.
10. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions. Inspections shall be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. The permittee shall deposit with the County the sum of **\$1,600.00**. The deposit shall be placed in a

performance fund, which shall be used exclusively to compensate Regional Planning for all expenses incurred while inspecting the premises to determine the permittee's compliance with the conditions of approval. The fund provides for eight (8) biennial (one every other year) inspections. Inspections shall be unannounced.

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.56, Part 13 of the County Code.
12. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of the Fire department.
13. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.
14. All development pursuant to this grant shall comply with the requirements of Title 22 of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of Regional Planning ("Director").
15. The permittee shall maintain the subject property in a neat and orderly fashion. The permittee shall maintain free of litter all areas of the premises over which the permittee has control.
16. All structures, walls and fences open to public view shall remain free of graffiti or other extraneous markings, drawings, or signage that was not approved by Regional Planning. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the permittee shall remove or cover said markings, drawings, or signage within 24 hours of such

occurrence, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.
